

As a NHS Pharmacy we are contractually required to carry out an annual survey of our patients. This survey takes a number of areas of the Pharmacy into consideration.

This leaflet has been produced to provide you with the results of the survey where we performed well and areas where we will be looking to improve.

If you have any questions or comments about the results then please speak to a member of our team.

Many thanks

## Our reply to your additional comments

### Areas within control of Pharmacy

We may not be your traditional community pharmacy, but our aim is to be at the heart of our community and provide the best possible service. Thank you for showing your appreciation in completing our survey.

### Areas outside control of Pharmacy

Stock shortages, inflated prices and reduced funding, only make operating a pharmacy today extremely challenging, but we will still strive to provide the best possible service to our customers.
